

It's a NEW month, a NEW season, it's summertime! Families are NOW starting to go out and about with a NEW NORMAL. Businesses phased into opening starting the week of May 13th, exactly three months after closing NON-essential businesses like K Peas Place. It's been a NUMBERS game for businesses alike. As each business is to figure out how they can reopen. Perhaps, NICKEL and diming our every decision for the future of our livelihoods. We've adapted and celebrate the opportunity to accommodate our loyal families online which gives us hope that we will continue to *connect, play, and celebrate* once again live, in person at K Peas Place.

We proudly celebrate NEW families joining our fun and thank you for inviting your friends to share in your joy! We like to think "more the merrier" and zoom allows that to continue. However, reopening to the CDC guidelines has us revamping our business turning us into NOCTURNAL creatures working harder than ever before. As we move forward with NEW policies in place we are honored to hear & learn about your comfort levels about returning to K Peas Place! Your love and NEW friendships over the past 4 years has been an intimate experience.

Each phone call, text, email, Facebook message has led to tears, laughter, and resolutions! It's been empowering to say the least! NEXT week June 8th will be our first "official" week of opening as we "Field trip" some of our online classes back to K Peas Place!

It is NECESSARY for all guests to register NOW, sorry NO walk-ins at this time.. Over the past three months families have reconnected with NATURE and appreciated their NATURAL beauty.

Our philosophy to slow down the race of early childhood and simply BE became the NORMAL. It's refreshing to rejoin friends in minimal attendance to play again and ignite in intellectual conversations with other adults. We are so very thankful to reopen and sincerely thank our families that joined us online and continue to do so across the NATION and internationally as we've made NEW friends through Zoom and plan to continue our online learning weekly as well. We congratulate all the NEW parents welcoming their NEWBORNS into their loving arms.
